True Colors Quiz

True Colors Word Sort

DESCRIBE YOURSELF: Below are groups of word clusters printed **horizontally** in rows. Look at all the letters in the row (A, B, C, D). Read the words and decide **which of the four letters is most like you**. Give that letter a “4” on the line provided next to it. Then rank order the next three letters from 3 to 1 in descending preference. You will end up with a row of four letters, ranked from “4” (most likely you) to “1” (least like you). Continue this process with the remaining four rows until you end up with five horizontal rows that have a 4, 3, 2, and 1.
