

THE CLAREMONT COLLEGES

This guide outlines The Claremont Colleges Academic Retirement Plan (ARP), including eligibility, contributions, TIAA investment options, and rules for loans and distributions. It also explains enrollment, ongoing account management, and how to access retirement support and personalized guidance.

ACADEMIC RETIREMENT PLAN

PLAN OVERVIEW

- The Academic Retirement Plan (ARP) is the primary retirement plan for The Claremont Colleges. Each college has its own plan document.
- The ARP is a defined contribution plan qualified under IRC Section 403(b).
- TIAA is the record keeper for the ARP.

PLAN ELIGIBILITY

- You are eligible to participate through elective deferrals upon your date of hire.
- Eligibility for employer contributions depends on satisfying a service requirement and attainment of age 21.
- Check with your Human Resources Office for information on your institution's ARP eligibility for employer contributions.

VOLUNTARY ELECTIVE DEFERRALS

- Pre-tax deferrals:
 - Lower taxable income in the year of the deferral
 - Accumulated deferrals and earnings are taxable upon withdrawal at retirement
- Roth after-tax deferrals:
 - No effect on taxable income in the year of the deferral
 - Accumulated deferrals and earnings are not taxed upon withdrawal at retirement
- Deferrals must be in the plan for at least five years to receive favorable tax treatment
- Deferrals can be made in any combination of pre-tax or Roth after-tax
- Minimum elective deferral is \$25 per month
- Maximum elective deferral depends on IRS limits for the calendar year. If your 2025 wages were more than \$150,000 from your current employer, the IRS requires catch up contributions to be made on a Roth after-tax basis.
 - Basic Maximum - \$24,500 for 2026
 - Age 50+ Catch Up - \$8,000 for 2026
 - Age 60-63 Super Catch Up - \$3,250 for 2026
 - 15 Year Rule Catch Up - \$3,000 for 2023 (\$15,000 lifetime maximum)
- Elective deferrals are remitted to TIAA after every pay period

HOW TO MAKE VOLUNTARY ELECTIVE DEFERRALS

You may elect to make voluntary elective deferrals to the ARP by logging into Workday and following the instructions below.

1. LOGIN

Login to Workday using your single sign-on credentials provided by your IT Department

2. SCROLL

On your Workday home page, scroll down to the Benefits and Pay shield and click to open your benefits information

5. CLICK "OPEN"

To make the change to your retirement election, click the "Open" button to open your current enrollment. Then, click the "Let's Get Started" button to elect your changes

6. CLICK

You will see tiles for the benefit plans relating to the benefit event type you have elected. To make changes to a plan you are already enrolled in, click Manage. To select a plan you are not yet enrolled in, click Enroll

7. SELECT

Select or waive your plan and then click Confirm and Continue

8. CHOOSE

Choose the Contribution Type (Amount or Percentage) and then enter the Contribution amount. Then click save.

9. SUBMIT

When you have finished making changes for this enrollment event, click "Review and Sign" at the bottom of the page. Review the changes to your enrollment, click the "I accept" box then click to submit your change.

EMPLOYER CONTRIBUTIONS

- Employer contributions are made as a percentage of eligible compensation.
- Contributions are vested 100% immediately upon participation.
- Employer contributions are remitted to TIAA after every pay period.

ACCESS TO DIVERSE INVESTMENTS

You can build a portfolio of professionally managed investments to suit your personal goals and risk tolerance. Options include Lifecycle Funds, Lifetime Income Options, Index Funds and Brokerage:

- **Lifecycle Funds** also known as Target Date Funds, take the complexity out of deciding which investment approach is right for you. These funds provide access to a broadly diversified portfolio within a single investment that automatically adjusts over time.
- **Lifetime Income Options** provide access to TIAA products with a range of asset classes and lifetime income options. The funds are considered "core" investment options and as such, these options are selected and monitored with the assistance of an outside investment advisor.
- **Index Funds** are a type of mutual fund with a portfolio constructed to match or track the components of a financial market index.
- A **Brokerage Account** lets you buy a variety of investment assets – like mutual funds, stocks, Exchange Traded Funds (ETF's), bonds and more.
