

<b>CITI Courses</b>	<b>Research Students</b>	<b>Faculty</b>	<b>IACUC Members</b>
<b><i>Minimum Required Training</i></b>			
Working with the IACUC	X	X	
Basic Introduction to Biosafety	X	X	
Animal Biosafety	X	X	
Post-Approval Monitoring (PAM)		X	
Laboratory Chemical Safety	X	X	
Emergency and Incident Response to Biohazard Spills and Release		X	
<b><i>Protocol-Specific Training Courses</i></b>			
<b>Rodent Research Work</b>			
Work With:			
Mice	X	X	
Rats	X	X	
Reducing Pain and Distress in Lab Mice and Rats	X	X	
<b>Amphibian Research Work</b>			
Work with Amphibians	X	X	
<b>Fish Research Work</b>			
Work with Fish	X	X	
<b>Poultry Research Work</b>			
Work with Poultry Agricultural Settings	X	X	
<b>Wildlife Research Work</b>			
Work with Wildlife Research (if applicable)	X	X	
<b><i>Genetically Modified Animal Work</i></b>			
Working with Genetically Modified Mice in Research Settings	X	X	
NIH Recombinant DNA Guidelines	X	X	
<b>Human Bloodborne Pathogens</b>			
OSHA Bloodborne Pathogens	X	X	
<b><i>Shipping</i></b>			
USDA Permits		X	
Shipping and Transport of Regulated Biomedical Materials		X	
<b><i>Select Agents and DURC</i></b>			
Select Agents, Biosecurity, and Bioterrorism	X	X	
Dual Use Research of Concern (DURC)	X	X	
<b><i>IACUC Members</i></b>			
Essentials for the IACUC Members			X
IACUC Community Member			Community member only
