“I am forever grateful that I attend a school like CMC that allows students to go into the world and experience things we never thought possible. I am already looking forward to what my adventures will be next summer, although it will be very hard to top this.”
- Katherine Parrish, CMC’21

“This internship contributed to more than just a new line on my resume or an interesting story to tell at social gatherings. This past summer changed my life. I now have a new perspective on so many issues. I also now know what I value in a career and what to look for following graduation. - Anuj Devatha, CMC’21
