IV. DEFINITIONS

- CMC observes a four-year workstation cycle. At the end of the four-year term the workstation is returned to ITS. All technology purchased with College funds (Department budgets, capital purchase, or IFA) belongs to the College and is under the purview of ITS. As a precaution, files on the returned workstation will be stored by ITS for two weeks.

V. PROCEDURES

Replacement of workstations:

1. Workstations will be purchased via the centrally directed IT capital budget.
2. Information Technology Services at Claremont McKenna College, will be responsible for configuring, purchasing and maintaining workstations.
3. All workstations will be replaced after four years per Information Technology Services personnel availability.
4. Academic departments and administrative offices will request specialized equipment, new equipment, and upgrades during the budgeting cycle (in the Fall budget process.) All normal replacement of workstations will be handled automatically.
5. Information Technology Services will be responsible for ordering, configuring and installing new workstations.
